January 18, 2010

Dear Yankton Area Business People:

Yankton Girls Softball Association is in full swing preparing for its 2010 season. Last year we had just over 300 Yankton girls ages 6 to 18 participate and we are anticipating an increase in participants again this year.

The Yankton Girls Softball Association program is an all volunteer program that relies heavily on the financial support of area businesses, like yours, to provide our youth with quality programs and an exciting summer.

Enclosed is a score card so you can choose what level of support you would like to give our Yankton softball players. Although any amount of donation is greatly appreciated to help keep our registration fees low and keep providing our players safe equipment and a fun filled summer of softball.

Your sponsorship will provide your business free advertising on a banner posted at the Summit Softball fields and Riverside Softball Field, but most importantly, the satisfaction of knowing that you are helping promote today's youth in our community.

We the Board of YGSA, along with just over 300 players, their parents and coaches APPRECIATE YOUR SUPPORT.
